

Breaking: Insights on the AI Search Shift

Semrush ran an internal study on how AI search and AI overviews are set to impact digital marketing.

The results were... big. Enough that Semrush leadership decided to reveal them and reap the well-deserved credit and fame ([read the full study here](#)).

For those in a hurry, here's a taste 🍷

1. AI Overviews love Reddit and Quora

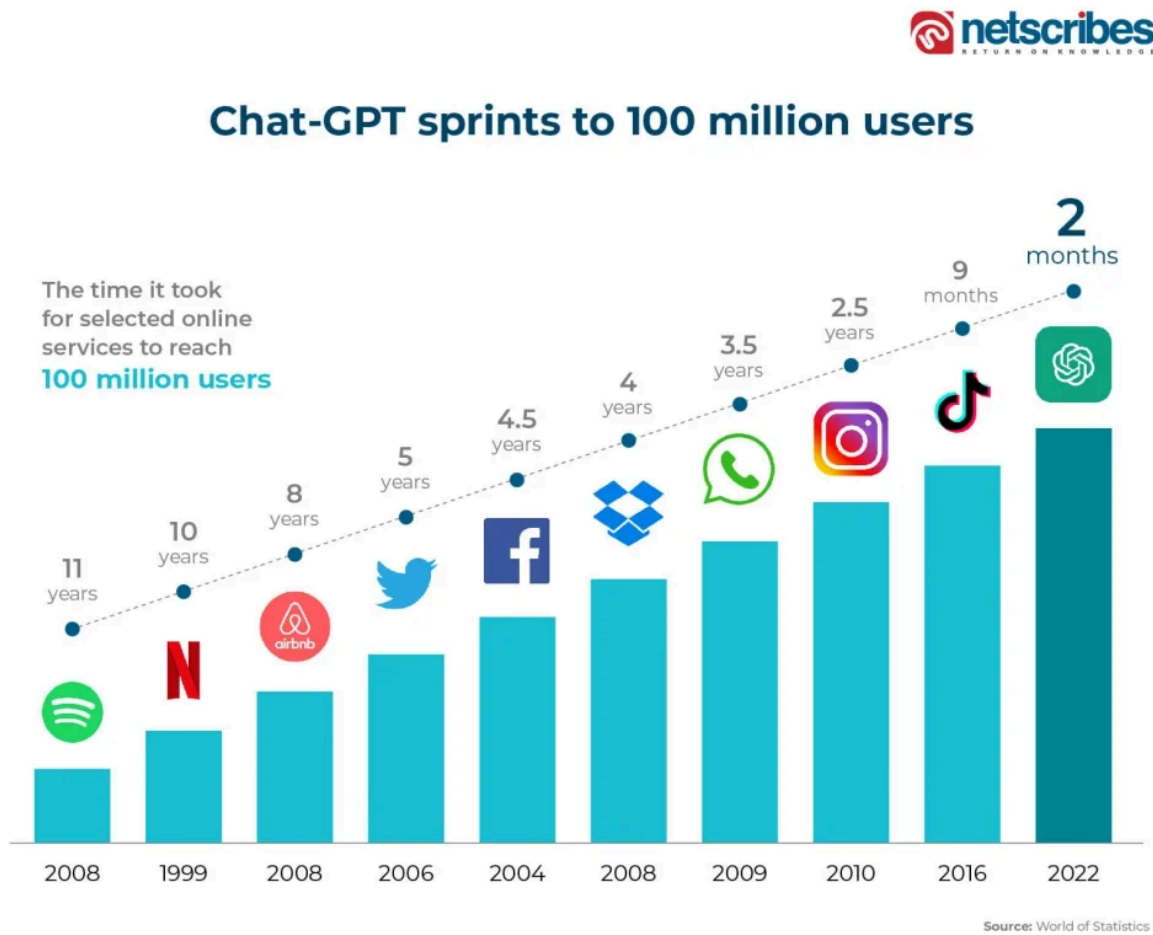

Quora is the most cited website in Google AI Overviews, followed closely by Reddit. If your brand is mentioned on either platform, there's a significantly higher chance it will be mentioned by AI.

Worthy new channels to explore.

2. AI Search will take over traditional search by 2027.

For context, ChatGPT was the fastest product to reach 100M users. Ever.

- ChatGPT took ~2 months
- TikTok ~9 months
- Instagram ~2.5 years
- Netflix ~10 years

Today, ChatGPT has 800M+ weekly active users (8x growth in 18 months).

But the real question is: **which will drive the most sales?**

Semrush found out (hint: it's a 4.4x difference)
